

3 State Metric Century

Miles: 65, **Rating:** Extremely Difficult

This metric climbs 3 mountains and numerous hills. As challenging as a flat century.

As challenging as this ride is, it's every bit as rewarding. Each of the mountains has a panoramic view, and the main stop is in Berkeley Springs, one of America's first spas, visited regularly by George Washington. Mineral water pours out of the ground at 72 degrees year round. The park is a beautiful place to rest and you will want to fill your water bottles with the renowned water. You will start in PA, ride through MD in to WV, and then back through MD to [Grouseland Tours](#). You can even time yourself to see how long it takes to cross all of the way through Maryland. You will also have gone through 5 counties. There are numerous places to get water and refreshments along the way. The ride starts and stops at Grouseland.

Miles	Distance to next direction	Directions	Comments
0.0	0.7	Grouseland Right onto Robinsonville Rd.	
0.7	0.2	At T right
