

Blue Knob Ski Resort Mountain Biking

We're the highest skiable mountain in Pennsylvania, (elevation 3146') which means exceptionally scenic and challenging mountain biking and hiking terrain. As Blue Knob's skiers and golfers know, the challenge of Blue Knob's terrain will test those with the highest skill levels. Blue Knob is also the ideal place to beat the summer heat with temps generally ten to fifteen degrees below that of our nearby cities. Blue Knob's mountain biking/hiking terrain is divided into five areas:

1) Novice - Intermediate rides between the ski slopes and condominiums and on Spruce Knob plateau.

2) Intermediate - Advanced trails include single track running from the top of the mountain to the end of Spruce Knob plateau. Trail signs are amber designating caution due to rocks, roots and/or installed obstacles.

3) Advanced-Expert riders will enjoy the steep and rocky North Face trails designated by red trail signs.

4) Ski Slopes and Glades; all are open to biking.

NOTICE! Trail and Slope Conditions May Change Due to Varying Weather Conditions and Ongoing Construction on the Mountain. Please be Aware of **INHERENT INJURY/RISKS AND THE ASSUMPTION OF RISKS IN MOUNTAIN BIKING/HIKING!** By using this area, you are assuming all risks of injury, damage or loss. If you do not accept this risk, do not use this area.

Bike/Hike at your own risk and with a friend at ALL times. Bikes are NOT permitted on Golf Course or on Cart Paths.

Be aware that your safety is directly affected by your judgement. Know your ability and ride within it. When in doubt, walk. Leave only treadmarks, take only pictures.

Emergency phones are located at the top and bottom lift houses --- dial 1017 or 1036.
